

# Canvas LMS Privacy Initiative & Deltion

**Ralph Kronieger (Deltion College)  
Daisy Bennett (Instructure) & Alex Westerhof (Instructure)**

# Agenda

- **Introductions**
- **Background - Canvas LMS: Moderator Alex Westerhof**
- **Deltion College Journey to Canvas LMS: Ralph Kronieger**
- **DPIA Collaboration its Impact & Value: Daisy Bennett**
- **Questions - Discussion**

# Background - Canvas LMS

## FILMPJE DELTION

# Canvas/Instructure & Deltion

Een informatiebrug tussen  
Deltion, de docent en de student.

# Background - Canvas LMS & Deltion

**Wat zoekt Deltion voor zijn docenten en studenten;**

- **1 digitale leeromgeving: geen eigenstandige gestapelde producten maar een environment.**
- **Dashboard gericht op laagdrempelig ondersteuning van docenten in het vormgeven en het maken van les producten waarin gecombineerde werkvormen (vooral digitaal) van start tot examinering bij elkaar komen en eenvoudig te delen is met studenten.**
- **Studenten een landingsplek voor al hun les-, leerinformatie, examen informatie in hun eigen portfolio.**
- **Werkomgeving die snel is in te richten waarbij de bewaking van de datastroom ligt bij de student zelf en bij de docent.**

# AVG en Canvas Instructure

- **Doelstelling AVG is data veilig met elkaar uit te wisselen. AVG is de maat!**
- **Groeimodel: Samenwerking Canvas/Instructure en Deltion om een beter onderwijs product te maken voor docenten en studenten.**
- **Data verantwoord op het juiste niveau beschikbaar te hebben: Toegangsniveau, IAM, aard van de data, bewaartermijnen, need to know.**
- **Alle persoonsgebonden data blijft in EER. Alle technische ondersteunende data gaat encrypted over het net.**
- **VWO 4.0 is hier op gebaseerd, alleen DPIA volgt later.**
- **De inrichting van de leeromgeving zal straks bepalen over welke data het precies gaat. Daar kunnen dan later de specifieke beveiligingseisen aan gesteld worden.**

# DPIA Collaboration Impact & Value

- **Canvas Privacy Philosophy**
- **DPIA Process**
- **Legal Impact of the DPIA**
- **Value**

# Deltion Canvas LMS Journey

## **Start DPIA 2023Q4:**

- **Uitkomsten DPIA zijn verplichtend voor beide partijen.**
- **DPIA door verschillende scholen en hun experts in samen spraak met MBO digitaal/Surf.**
- **DPIA team van Canvas/Instructure is geformeerd met directie steun.**

**2023 NU Start inrichten leeromgeving met 10 try-out teams. Werkgroepen zijn ook toegankelijk voor andere scholen.**

**2025 Canvas is integraal beschikbaar voor heel Deltion, alle opleidingen.**

# CHAT-GTP over Canvas

- Canvas is a popular learning management system (LMS) used by both teachers and students to facilitate online education. It provides a platform for educators to manage courses, organize content, communicate with students, and assess their progress. Students, on the other hand, use Canvas to access course materials, submit assignments, engage in discussions, and track their grades.
- Here are some key features and benefits of Canvas for both teachers and students:
- Canvas is widely used in educational institutions at various levels, from K-12 schools to higher education institutions. Its user-friendly interface and extensive feature set make it a valuable tool for both teachers and students in the digital learning environment

## For Teachers:

- 1. Course Creation:** Canvas allows teachers to create and customize online courses. They can structure their course content, upload documents, and add multimedia elements such as videos and quizzes.
- 2. Communication:** Teachers can easily communicate with their students through announcements, messages, and discussion boards. This fosters a sense of community and enables instructors to provide timely feedback.
- 3. Assignment Management:** Canvas offers tools for creating and managing assignments, quizzes, and exams. It includes features for setting due dates, assigning points, and providing rubrics for grading.
- 4. Grading:** The platform streamlines the grading process with features like SpeedGrader, which enables efficient grading and feedback. It also supports the use of rubrics for consistent assessment.
- 5. Analytics and Insights:** Canvas provides analytics and reporting tools that help teachers track student progress and engagement. They can identify areas where students may need additional support.
- 6. Integration:** Canvas can integrate with various educational tools and third-party apps, enhancing the teaching and learning experience.
- 7. Mobile Accessibility:** Canvas has a mobile app that allows teachers to manage their courses and communicate with students on the go.
- 8. Adapt:** Adapt Canvas to Deltion needs.

## For Students:

- 1. Access to Course Materials:** Students can easily access course materials, such as lecture notes, readings, and multimedia content, all in one place.
- 2. Submission of Assignments:** Canvas provides a user-friendly interface for submitting assignments electronically. **Students can track their submission history and receive feedback from instructors.**
- 3. Communication:** Students can participate in class discussions, ask questions, and interact with peers and instructors through discussion boards and messaging.
- 4. Grades and Feedback:** Canvas allows students to view their grades and feedback on assignments and assessments, helping them monitor their progress and identify areas for improvement.
- 5. Calendar and Notifications:** Students can stay organized by using the Canvas calendar, which displays assignment due dates and other important dates. They can also receive notifications about course updates and deadlines.
- 6. Mobile App:** The mobile app makes it convenient for students to access their courses and course materials from smartphones and tablets.
- 7. Collaboration Tools:** Canvas often includes collaboration tools like group discussions, wikis, and group assignments, fostering teamwork and peer learning.
- 8. ADAPT:** adapt Canvas to Deltion student needs.
